

AAC GALORE VB SOFT WHEAT

Well adapted to all growing areas of Western Canada. It is medium tall in height, high-yielding and exhibits good resistance to stripe and stem rust.

STRENGTHS:

- Midge Tolerant Variety
- Overall higher grain yield than AC Andrew and Sadash
- Significantly higher yielding under dryland
- Higher test weight than AC Andrew
- Good resistance to stripe rust and stem rust

LAUNCHING FALL 2026

2026 Alberta Seed Guide	Yield (% AC Andrew)	Maturity (days)	Height (cm)	Protein	Lodging Resistance	Stripe Rust Resistance
AC Andrew	100	104	85	11.4%	Good	Intermediate
AAC Galore VB	111	104	88	11.7%	Good	Moderate
